ONE-DAY RADON SYMPOSIUM

Join us on May 1st for a day of education and open dialog on occupational and public health implications of exposure to radioactivity from radon gas. The purpose of the event is to provide "good science in plain language" information about the potential radon hazard and allow the event participants to form their own opinions and contribute to building a comprehensive provincial radon policy.

This unique Program features experts in the field of health and safety, medical doctors, federal and provincial government representatives as well as presentations from front line workers.

The One-Day Radon Symposium will be of interest to all employers and employees, members of public, government agencies, unions, professional associations, health and safety associations, members of the provincial and municipal government, legislators, as well as radon professionals.

Registration Fee: \$50

2 Coffee Breaks and Lunch are included in the registration fee.

To register go online www.radiationsafety.ca or contact Maria Costa at 416 650 9090 ext 21, e-mail mcosta@radiationsafety.ca.
